CfaN
Africa shall be saved

DECADE OF DOUBLE HARVEST

WINNING 150 MILLION SOULS TO CHRIST

Saturated WITH THE GOSPEL

CfaN Gospel Campaign
Nakuru, Kenya

NAKURU, KENYA

8 – 11 August 2019

“ I believe the days are soon coming where we will see as many or more people saved BEFORE the campaign than during it.”

– Daniel Kolenda

Young or old, rich or poor, near or far...

Nakuru for Jesus!

PREPARING THE SPIRITUAL GROUND

Not long ago, when sharing CfaN's vision for the “Decade of Double Harvest”, Daniel Kolenda had this prophetic insight. He was talking about the pre-campaign mobilization outreaches that have taken place in West Africa. Our Gospel Trucks are part of that initiative. They have been sent into the surrounding villages and suburbs before a CfaN Gospel Campaign begins. From these trucks, evangelists preach the Gospel, pray for the sick and bring the power of God everywhere. The results have been glorious so far, but in Nakuru, Kenya, CfaN took another giant leap forward.

OVER 200,000 DECISIONS FOR JESUS AT MORE THAN 600 OUTREACHES

Seven weeks before the Gospel Campaign was due to begin, four young evangelists, selected and trained by Daniel Kolenda, arrived in Nakuru. They conducted more than 600 outreaches in those seven

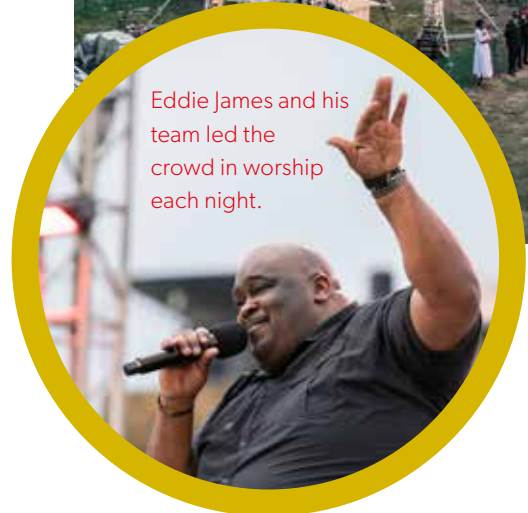

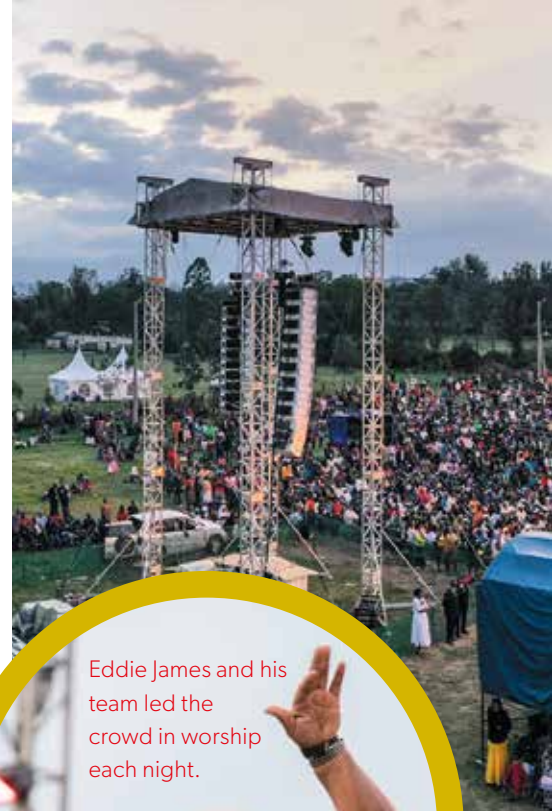

weeks – sometimes more than thirty outreaches in one day! They preached in schools, orphanages, markets, street corners and churches – everywhere they could get an audience. In all they led more than 200,000 people to Christ – BEFORE THE CAMPAIGN STARTED! They also saw mighty miracles of healing, many filled with the Holy Spirit and several dramatic deliverances.

You have been hearing us talk about the Decade of Double Harvest and perhaps you have wondered how such a thing is possible. How could God double the harvest CfaN has reaped over the last 30 years in the next 10? The key is multiplication. We are training and equipping an army of evangelists who can take the Gospel everywhere our mass campaigns cannot reach. Whether preaching in school courtyards, street corners, or from our Gospel Trucks – the Gospel is being preached, and the results speak for themselves.

UP BEFORE DAWN TO RECEIVE FROM GOD

As our partners know, we conduct a Fire Conference with every evangelistic campaign, where pastors and church leaders can come to receive from God, be prepared for the influx of new converts that are about to walk through their church doors, and be filled with the Holy Spirit.

Eddie James and his team led the crowd in worship each night.

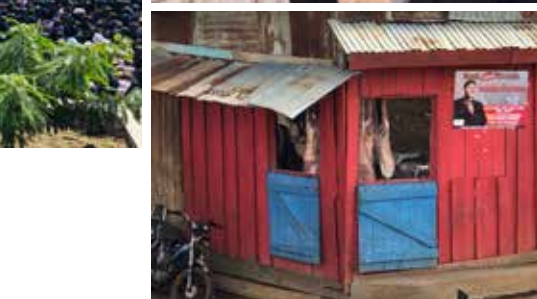

As the sun rose on our first Fire Conference meeting in Nakuru, we were greeted by an amazing sight. Thousands had gathered, waiting in the dark, so eager were they to receive what God has for them. It was deeply moving to see such commitment and faith physically manifested in these precious brothers and sisters, patiently waiting for the Word of God. Peter Vandenberg and John Darku did not disappoint them, bringing powerful teaching and exhortation to these hungry hearts.

THE GLORY WAS OUR CANOPY

That evening, as Evangelist Daniel Kolenda arrived on the field to preach, ominous rain clouds threatened to drown out our open-air meeting. With nowhere to shelter, rain can be a real hindrance to the Gospel. After a few minutes, we could see a wall of water just on the perimeter of the field, pouring down in thick sheets. Would this mean the end of the meeting?

No! In Daniel Kolenda's own words:

“ It was as though the glory of God hung over the field, like a protective canopy. Only light, refreshing sprinkles of rain fell on the field. The moment I stood to preach, even the sprinkles stopped. I preached the Gospel, and the people responded with open hearts.”

PRAY FOR THE SICK, AND THEY WILL BE HEALED

On the first night, when we prayed for the sick, there were some highly dramatic healings. **One man told us that he'd been an acrobat before he broke his back.** Evangelist Kolenda asked him to bend over and test his back in front of the crowd. Perhaps he misunderstood, because he promptly jumped on to his hands, and contorted his whole body in the most astonishing way. He was certainly completely healed!

Word began to spread throughout Nakuru of what God was doing. Each night, the number of people attending jumped, as crowds came to see what was being talked about in the town. And dramatic healings continued to happen. **A young woman who had suffered for a couple of years with a painful lump under her arm came up on stage to demonstrate that there was no trace of the lump anymore.** It had completely vanished during the prayer for the sick.

One woman had recently been given a diagnosis of Stage 4 cancer, and had been feeling very ill. To the crowd's great joy, she and her husband came up to testify together that her doctor had declared her healed. Where the Gospel of Jesus is declared, sick bodies are made whole, and lives are changed in an instant.

Evangelists are selected by Daniel Kolenda and trained at CfaN.

There is a tremendous hunger for God among the school children.

A THIRD OF THE LOCAL POPULATION CAME TOGETHER – FOR JESUS

By the final meeting on Sunday night, it was clear that Nakuru is a town that has been saturated by the Gospel. As we always do, we conduct a careful crowd count, using tried and tested estimation techniques. Around a third of the local population were gathered together on the field to hear the Gospel.

This is a city that is buzzing with the Good News now. Just as in Bible times, we pray that news of these miracles and transformations will spread far and wide, helping to prepare the ground for our next Gospel Campaign in Kenya, being held in Kisumu from 19 – 22 September 2019. We want to see that city awash with the Gospel. Let the news that Jesus is alive spread like wildfire through homes, schools, marketplaces – everywhere!

After a motorbike accident, she was unable to bend and had pain in her waist area for 4 years. She felt a shock go through her during the Fire Conference and now has no pain.

He was an acrobat until he broke his back.
He testified that Jesus healed him.

A simple Gospel message was given during school assemblies.

Warehouse Project – West Africa

Please keep
our team in
your prayers.

As this letter goes to print, we're thrilled to tell you that CfaN Europe's mission partners have already joined together to raise € 106,430 for the CfaN warehouse purchase in Lagos, Nigeria.

We have committed to raising € 120,000 towards the € 800,000 purchase price – which means **we have very nearly reached our goal!**

THANK YOU

to every person, every family and every church who has given towards this vital project. If you feel your heart being stirred to get alongside us for this goal, know that we thank God for you, and appreciate every donation, whether big or small. With your help, we can make sure our trucks and equipment are safe and secure between Gospel campaigns in West Africa.
