How to turn 10 days into 55 nights of evangelism!

We have just completed a landmark campaign, making history in mass evangelism. For the first time ever, CfaN conducted 11 mass evangelistic campaigns in 11 different cities and districts across the nation of Zambia simultaneously! These campaigns lasted 5 nights in each city for a total of 55 nights of massive evangelistic meetings in less than two weeks. That's 55 powerful meetings in 10 glory-filled days. During the initiative, which included a "Gospel Invasion" (in which evangelists trained by CfaN flooded the towns), we recorded over 2.6 million in attendance and 1,040,720 documented conversions.

To put these amazing stats into perspective – we used to conduct 6 or 7 campaigns in a whole year, and our previous record was 9 campaigns in one year. Now, the CfaN team has conducted 11 full campaigns in under two weeks.

Each of the 11 cities had a pair of evangelists ministering in most of the meetings. These

OPERATION Decapolis ZAMBIA

evangelists were graduates of the CfaN Evangelism Bootcamp. Daniel Kolenda traveled to a new city each day and preached one night. This strategy allowed us to get many times the "bang" for every "buck." All our efforts (church mobilization, printing, advertising, transportation, technical support, etc.) were leveraged to benefit all 11 cities, allowing us to conduct 11 campaigns for nearly the same amount of money and time we used to invest into just a single campaign!

Hundreds of CfaN team members, Bootcamp graduates and more than 97,000 Zambian volunteers worked side by side to make the event possible – a true testament to the power of unity.

3 – 7 May

Lusaka – Hero Stadium

with Evangelists Joe Turnbull and Evelina Smane

On the final night, Daniel Kolenda preached to a capacity crowd at "Hero Stadium" in Lusaka, the nation's capital. It was a glorious finale to the event, with thousands responding to the altar call. There were so many miracle testimonies!

Philip had strong pain in his right shoulder and couldn't lift his arm. But after prayer, he felt all the pain leave and was able to move his shoulder perfectly. He even did ten pushups on stage!

26 – 30 April

Mtendere

with Evangelists Jacob Ebersole and Evelina Smare

A woman named Elizabeth was totally healed after not being able to walk properly or even stand up since 2019.

Another woman named Margret had a stroke and could not walk well for the past 14 years. After prayer, she was able to walk and threw her walking stick away.

26 – 30 April

Mansa

with Evangelists Levi Lutz and David Rotärmel

After preaching the Gospel, we burned fetishes, charms, amulets and idols. An unusually large haul of “juju” was surrendered

here as multitudes turned away from witchcraft to serve the living God. Evangelist David Rotärmel then prayed. Utilizing a

list of locally known curses and “gods” (provided by the locals) he renounced them and broke their power in Jesus’ name.

3 – 7 May

Chingola

with Evangelists Randy Roberts and Lukas Repert

The field was so packed, people were on top of buildings, crowding the roads, and even sitting in trees to hear the Gospel!

Datsun, a well-known local witchdoctor, brought some of his items to burn on the Friday. However, he didn't put all his "juju" in, nor did he receive Jesus, so he spent the night demonically tormented.

The next day, he brought the rest. We helped him remove it from his body and he got saved. When he shared his testimony, five more witchdoctors came forward to give their lives to Jesus!

3 – 7 May

Chawama

with Evangelists Brittany Sanderlin and Levi Lutz

Can you imagine not being able to do the simplest tasks for five long years? That was Priska's reality, paralyzed from the waist down. Every attempt to use her legs ended in a painful tumble. But Jesus healed her! Suddenly, she could bend down and move around the stage with ease. When she tested her newfound strength, tears welled up in her eyes, and she raised her hands high in the air.

Doctors diagnosed Irene's four-month-old unborn baby as dead and prescribed medication for removal. However, after attending the Gospel Campaign, Irene felt her baby move. The next day, doctors confirmed her baby was indeed alive!

3 – 7 May

Bauleni

with Evangelists Richard Fullwood and David Rotärmel

The original plan was to conduct 10 campaigns. But the CfaN team, always preparing for any contingency, went ahead and prepared an eleventh city (just in case one had a problem and had to shift at the last minute). But although we prepared for the worst, the entire process went so smoothly that the backup location

became a bonus campaign! With 11 campaigns and only 10 days, this meant that Daniel Kolenda would have to minister in two places on one night. On the first night of the second week, Daniel began by preaching the Gospel in Bauleni, leaving as the “on site” evangelists prayed for the sick.

3 – 7 May

Ngombe

with Evangelists Michael Job and Deborah Cohen

From Bauleni, Daniel was rushed by police escort to the campaign site in Ngombe. He arrived just as

Evangelist Michael Job had finished preaching. Daniel then taught on faith and healing before praying for the sick.

This 3-year-old child named Faith was brought by her aunt. We were told that Faith had never stood or walked before. Her family was very worried about her. But that night, she walked for the first time.

A woman arrived who had been carried to the meeting on her daughter's back. Both were weeping with joy as they told us how the mother had been an invalid for so long. But Jesus healed her and now she can walk on her own.

26 – 30 April

George

with Evangelists Joe Turnbull and Alejandro Escobar

After the prayer for the sick, Evangelist Brittany Sanderlin interviewed those who were healed. There were many testimonies, including two ladies who had suffered from terrible leg pain

that severely limited their ability to walk (one for the past 9 years and the other for the last 7 years). Both were walking, running, jumping, and praising God!

26 – 30 April

Garden

with Evangelists Gary Smith, Jared Horton and Gabriel Garcia

A lady walked up the steps and testified that she had suffered from a stroke 2 years ago and was unable to walk as a result, but now she is healed!

Daniel Kolenda started his 11-campaign tour in the Garden District of Lusaka. This event, like several others, took place in a compound where many of

the inhabitants rarely, if ever, travel outside. Most have never experienced something like a Gospel Campaign before.

This 84-year-old grandmother traveled 30 hours by boat to attend the campaign.

3 – 7 May

Mongu

with Evangelists Gary Smith and Alejandro Escobar

Mongu is a relatively remote place, so it was unexpected to see such crowds. But the hunger, faith and expectation of the people was so high, they came from far and wide. People from distant villages and other towns camped every night on the campaign field.

One woman had been suffering with painful fibroids since 2000. On Thursday, during the prayer for the sick, she noticed that the pain was gone. The next day, she went to the hospital and got checked out. Sure enough, all the fibroids had vanished!

Violet Makura had been in an accident in June 2022 and couldn't walk without crutches. She can now dance and walk.

26 – 30 April

Chipata

with Evangelists Robert Enge and Randy Roberts

When Daniel arrived in Chipata, he was greeted by the local bishops and church leaders. At the back of the line was an elderly man who had been

the chairman of the very first campaign CfaN did in Zambia back in 1982. He said how wonderful

that campaign was and how many people got saved, how many new churches were planted and how the fruit from that event – 40 years ago – is still evident in Zambia today. Then he said, "We love CfaN campaigns, because they bear fruit that remains." He added that ever since then, they have been praying for CfaN to come to his city – Chipata.
